

MODULAR COLLECTION

Budget & Design Perfection.

MCC
Modular & Custom Cabinets

**TAILORED SOLUTIONS
FOR YOUR DENTAL PRACTICE**

Introducing our Modular Collection of Rear, Center, Side and Sterilization cabinets. All professionally designed to optimize your practice space and budget.

'Green' construction

Our Modular Cabinetry is also available using environmentally friendly manufacturing techniques. 'Green' construction means our cabinets contain no urea formaldehyde resins and are built with water-based adhesives. As a result, they are LEEDS compliant.

An 'off-the-shelf' modular solution is a cost-effective alternative that is perfectly fitted to your budget and space.

Our **Modular Rear, Center, Side** units and **Sterilization Centers** present **unlimited design configuration options**.

Rear Cabinets

Our rear cabinets are industry leading.

Center Islands

When space is at a premium, our Center Islands are an efficient and affordable solution.

Side Cabinets

Our side cabinets can be customized to include several efficient storage solutions such as extra drawer modules, equipment bays and other storage needs.

Sterilization Centers

Our Sterilization Centers offer many standard features to perfectly fit your budget and space.

The Modular Solution

Investing in well designed, high-quality cabinetry today pays high dividends down the road, as practices evolve to meet new and ever-demanding needs. This new unit provides Efficiency, Environmental Responsibility, Safety and a Cost-Effective Solution for today's modern dental office.

For years, we have collaborated with dental professionals on product design of practice cabinets. The result of our collaboration is the most efficient treatment station available. Quite simply, our cabinets are industry leading and a cost-effective alternative that will fit your budget and space perfectly.

- The dentist, assistant and patient together, benefit from having all the instruments and equipment close at hand and in just the right place.
- To maximize the functionality of MCC's Cabinets, every square inch has been transformed into useful space.
- We've also kept to the smallest footprint possible, while still accommodating everything required for today's well-equipped dental facility.
